

Work from home for faculty members till May 17, 2020

In view of the extension of lock down period declared by the GOI till May 17, 2020 due to Coronavirus pandemic, it has been decided by the competent authority that the period from May 4, 2020 till May 17, 2020 be considered as work at home period for the faculty members of all the institutions under the university. However, respective HoI/HOD may ask certain faculty members to come to the university for performing certain specific responsibilities.

The concerned HOI/ HOD would communicate to the faculty members separately about the work to be completed during the work at home period and the system of reporting the performance.

Stay safe and healthy.
