Online Education

1. Does all programs/courses were completed on time.	Yes
--	-----

2. Measures taken to complete the syllabus of courses and programs.		Measures taken to complete the syllabus of courses and programs	
		<p>Online teaching learning – A new normal mode is used by University during Covid-19 pandemic even in year 2020-21. The 21st century is known for the disruptions – be it technological revolutions, social reforms or even a Pandemic like Covid – 19. The disruptions have affected our lives dramatically and the pandemic brought the life to a halt. It gave us the time to sit, reflect, reorganize, revive oneself and then move on. The erstwhile dormant inventions, a weakly adopted one then, partially drew the life back on the track and one among them is online teaching – learning and assessment.</p> <p>In the situation like COVID-19 pandemic, it is important to make sure that teaching-learning process does not suffer. Students be facilitated by which they can learn at their place without the fear and at own pace. In view of that, online teaching has turn out to be the boon and the only choice. With flexibility of time and place, it can also be highly efficient keeping the students abreast with the knowledge, information and the skills.</p> <p>The Nirma University (NU), Ahmedabad has always been on the forefront of knowledge dissemination and it continued even during the pandemic with the change in the mode only – through an online option. The quick adoption of the ICT enabling tools by the faculty members and the students kept the system precisely operative. The institute shifted the entire teaching learning online, with the insurgence of Covid – 19 pandemic since end of the March 2020. Initially tools like Google Meet, Zoom were employed for synchronized discussions and YouTube videos, recorded presentations, recorded lectures, course blogs etc. were chosen for asynchronous mode of teaching. Apart from these, various enabling web resources were explored for effective information sharing and communications. Subsequently, the institute obtained licensed version of CISCO Webex platform to conduct online academic sessions. In order to make online learning effective, faculties are using PPTs, simulations and detailed video recordings of lab experiments. Sessions of online lectures and labs are then shared with students for their reference at any point of time. The Learning Management System (LMS) MOODLE is adopted to facilitate the teaching learning process amongst faculties and students. For exchange of learning materials, assignment as well as lab manual submission and the entire evaluation component - quiz, lab manual, assignments, quiz, sessional as well as Semester end exam answer book is carried out using LMS. The online presentation and viva-voce is also undertaken. The successful completion of semester, adhering to the academic calendar and confidence of learning in the students are the important outcomes at the end of the academic year. Not only these activities and actions, a full fledge placement activities continued over the online mode and as an outcome today a large number of students are placed successfully to pursue their bright future. Moreover, the vigorous faculty training programme was conducted by University for all faculty members to strengthen the teaching-learning process.</p> <p>A well thought planning and execution ensures saving of one complete year of each student and it is proved at the Nirma University, Ahmedabad.</p>	
3. The period of delay in completion of syllabus (in months).		0	
4. The period of delay in conducting exams (in months).		0
