

SEMESTER- II (2019-2020)

Dhal Ni Pol, Ahmedabad

BRIEF

To create a community space in Dhal ni pol facing the common chowk and chabutra. It should include a library, a medical centre, public washroom, a home stay and parking space for two and four wheelers in the busy streets of Old Ahmedabad.

CONCEPT

the concept that has been followed is that simplicity is the ultimate sophistication. the design has focused on a dispersed arrangement of functions that focus into a central plaza which is also the community space. the basis upon which this design has been created is that architecture is for the people hence the person who visits the site must enjoy, chill and spend some leisure time there, hence there is a lot of thought that has been put into the development of the community space. its not about how the design looks from the exterior its about how the people feels when one visits the site. its finally all about enriching the experience
