Library Automation

A screenshot of the Nirma University Library Online Catalogue website. The browser address bar shows "librarysearch.nirmauni.ac.in". The page header includes the Nirma University logo and the text "Library Online Catalogue". Below the header is a search bar with a dropdown menu set to "Library catalog" and a "Go" button. The main content area features a navigation menu on the left with links like "Home", "About", "E-Resources", "Digital Resources", "Knowledge Repository", "NPTEL Videos", "Remote Login", and "Library Mobile App". The central text reads "Library Search (OPAC) helps to search for library resources by author, title, keywords. It provides information related to the bibliographical details of each resource, its location and status of availability." Below this text is a photograph of a library interior with bookshelves and a person reading. A "New Arrival Books" section is visible below the photo. On the right side, there is a "Log in to your account" link and a list of services including "Log-in", "Services", "Library Timings", "Downloads", "Ask Librarian", and "Contact Us". At the bottom, there is a footer with copyright information and a statistics table showing "Visits today: 43", "Pages today: 100", "Visits: 61 977", and "Pages: 310 832".

The library has been automated using KOHA - an open source user-friendly and web-based library management system.
