

Research Orientation Programme (on-line mode)

16 – 20 June, 2020

Organized by

Directorate of Research and Innovation, Nirma University, Ahmedabad

About the Nirma University

The Nirma University was established as a statutory university under Gujarat State Act as an initiative of Nirma Education and Research Foundation. The University is accredited by National Assessment and Accreditation Council (NAAC) with 'A' Grade. The University presently includes – Institutes of Technology, Management, Pharmacy, Science, Law, Architecture & Planning, Commerce, and Department of Design, imparting education from undergraduate to doctoral levels.

About the Directorate of Research and Innovation

Nirma University established the Directorate of Research and Innovation (DRI) in 2016 to promote research and innovation activities amongst the faculty members and students. The implementation of research policy, stimulation of innovation and strengthening of doctoral research are the key goals of the DRI. The Directorate also facilitates the overall progress of the University under various schemes, faculty engagement and research orientation programmes.

About the Programme

Each year DRI organizes Research Orientation Programme for the faculty members of the university with a chief goal to promote research and to increase awareness about allied aspects related to research outcomes. During this unprecedented time of COVID-19, this programme is planned to be organized on-line. A limited numbers of participants from outside the university are also permitted to attend the programme for their enhanced learning and career benefits.

Expected Outcomes from the Programme

At the end of the programme, the participants will be able to

- develop an understanding of various methodologies of research and will be able to apply the same in research
- acquire knowledge about the skills of good research proposal and manuscript writing
- apply various resources in an effective manner for research and enhance time management capabilities
- identify the importance of IPR related issues and generate more IPR through industrial and societal research

Probable Contents of the Programme (2 on-line lectures sessions and 2 hands-on self-learning exercises per day)

- ◇ Research Proposal Writing
