## Letter of Appreciation

This is to certify that our organization whole heartedly acknowledges and appreciate voluntary services M.Sc. students of Institute of Science, Nirma University which they provide during the year 2015-16. The students and Faculty Coordinator visited our institute and donated useful items. They also did audio recording of useful books for the use of our students with visual impairment.

The Faculty Coordinator motivated all the students to visit the institute, spend quality time with our students and to motivate our students to pursue their studies vigorously. The students also visited all our activities including Vision-in-the-dark with lot of enthusiasm and zeal and appreciate struggle of our trainees with disabilities.

We very appreciate initiative of Faculty Coordinator for leading the group of students during all their visits and organizing discussion of the students with key officials of the institute. In this way, our institute could sensitize students of Institute of Science as regard importance of education of such marginalized groups of students.

It would always be pleasure of our institute to have students of your institute with us and with best wishes,

Bhushan Punani  
General Secretary
