ABOUT NIRMA UNIVERSITY

Nirma University has been established in the year 2003 as a statutory university under Gujarat State Act at the initiative of the Nirma Education & Research Foundation (NERF). The University is also recognized by the University Grants Commission (UGC) under section 2(f) of the UGC Act. Nirma University has been reaccredited by NAAC with A+ in 2022. The University is a member of Association of Indian Universities (AIU) and the Association of Commonwealth Universities (ACU). Nirma University is a member of Common Wealth University Association and also of Association of Indian Universities. Dr. Karsanbhai K. Patel, Chairman, Nirma Group of Companies and Chairman, NERF is the President of the University and Dr. A. K. Singh is the Director General of the University.

Nirma University has a host of institutes, departments and centres, including Institute of Technology, Institute of Management, Institute of Pharmacy, Institute of Science, Institute of Law, Institute of Architecture & Planning, Institute of Commerce, Institute of Design, Faculty of Doctoral Studies and Research, Centre for Advanced Instrumentation, Centre for Continuing Education, Centre for Entrepreneurship, Centre for Family Business and Entrepreneurship, Centre for Quality Assurance and Academic Development, Centre for Robotics and Automation, Centre for Excellence in Data Science and Office of international relation. These institutions offer numerous undergraduate, postgraduate and doctoral programmes. Apart from these, the University also offers several certificates and diploma programmes.

ABOUT INSTITUTE OF PHARMACY

Institute of Pharmacy was established in the year 2003 under Nirma University with the aim of developing able professionals in the field of pharmaceutical sciences. In a short span of time, it has become one of the leading institutions in the country, offering pharmaceutical education at the undergraduate, postgraduate, doctoral and postdoctoral level.

The Institute has shown its presence at the national level by being ranked 5th in National Institutional Ranking

Framework (NIRF) by the Ministry of Human Resource and Development (MHRD), Government of India in the year 2016. For subsequent years, the Institute also has maintained its top rank at all India level. The B. Pharm program of Institute has been also accredited by NBA.

PROGRAMME OUTLINE

Pharmacy is an important profession that can play a pivotal role in advancing the United Nations Sustainable Development Goals (SDGs). The SDGs are a set of 17 global goals adopted by the United Nations General Assembly in 2015 that aims to achieve good global health, provide sustainable technologies to save the planet from climate change, provide equality in economic and gender aspects. The program focuses on the efforts of various organizations for imparting quality education and strategies for sustainable and scalable implementation by pharmaceutical industries in research and innovation. This program intends to integrate the practices and policies of SDGs for improved nutrition and promotion of good health, conservation of natural resources and environmental effects by educating and spreading awareness among pharmacy professionals to achieve SDG goals.

Objectives:

- To Identify and understand the role of pharmacists in patient care and public health
- Integrating SDGs to the roles of pharmacists at various set ups (including the hospitals, R&D centres, Industries etc.) to address hindrances in achieving the public health goals
- Discuss the determinants that influences the overall (physical, mental and emotional) health status
- Interpret glitches and devise strategies specific to unique patient populations through efficient healthcare management
- To cater alternative practices in innovation and research for sustainable development at each level

Who should attend this FDP?

The FDP is best suited for faculties/research scholars and academicians in pharmaceutical sciences, industry personals, either pursuing or planning to initiate research to improve their understanding of various perspectives of

SDGs in pharmaceutical education, industries and public health.

Contents of the FDP:

- Devising potential strategies Sustainable industrialization and foster innovation
- Approaches like Green chemistry, DoE and lean six sigma to reduce wastage and make processing efficient.
- Green synthesis interventions of pharmaceutical industries for sustainable development
- Role of Pharmacist in holistic health & wellness, reducing burden of noncommunicable disease, post-COVID care, life-balance, emotional intelligence
- Pharmaceutical waste management and measures to mitigate the associated environmental deterrents.

How to Register?

The applicants are required to send the duly signed completed Registration Form along with Demand draft of the Registration fee in the favour of “Institute of Pharmacy, Nirma University” so as to reach to the Convener on or before June 30, 2023 on the mentioned address. The confirmation of Registration will be informed by email by July 03, 2023.
