Molecular Sciences and Therapeutic Innovation:

Connecting Microbial Research, Drug Development and Translational Science

Date: _____

Subject: Invitation to Associate as Sponsor for International Conference PharmSciCon 2027

Dear Sir/Madam,

Greetings from Nirma University, Ahmedabad.

Nirma University, established under The Nirma University of Science and Technology Act, 2003, a special act passed by the Gujarat State Legislative Assembly by the initiative of the Nirma Education & Research Foundation (NERF), is a value-driven, research-oriented and student-centred institution committed to academic excellence and innovation. Nirma University is recognized by the UGC under section 2(f) of the UGC Act and accredited with Grade "A+" by NAAC in 2022. Its Institute of Pharmacy and Institute of Science bring together complementary expertise across pharmaceutical sciences, microbiology, biotechnology, molecular biology and related fields.

On behalf of Nirma University, we are pleased to invite you to sponsor for PharmSciCon 2027, an international conference jointly organised by the Institute of Pharmacy and the Institute of Science, Nirma University, from 28–30 January 2027.

The conference theme is **"Molecular Sciences and Therapeutic Innovation: Connecting Microbial Research, Drug Development and Translational Science."** The conference will provide an interdisciplinary platform for academicians, researchers, industry professionals, clinicians, healthcare experts and young scientists to exchange knowledge, showcase emerging research and foster collaborations across microbial research, molecular sciences, drug development, therapeutic innovation and translational science.

The scientific programme will encompass emerging developments in microbiology, molecular biology, antimicrobial resistance, biotechnology, medicinal chemistry, computational drug discovery, pharmaceutical sciences, advanced drug delivery, natural products, emerging therapeutics, clinical sciences and regulatory science. Through plenary and keynote lectures, scientific sessions, oral and poster presentations, panel discussions and networking opportunities, PharmSciCon 2027 aims to strengthen the pathway from scientific discovery to therapeutic innovation and patient-centred healthcare.

The Institute of Pharmacy and the Institute of Science collectively offer a multidisciplinary research ecosystem supported by specialised laboratories, advanced analytical and biomedical facilities, and expertise spanning pharmaceutical, molecular, microbiological, biotechnological, computational and translational research. Their combined capabilities provide a strong basis for academic–industry engagement and collaborative scientific initiatives.

To ensure the success of this conference and to make it accessible to a diverse group of participants, we are seeking support from industry partners to sponsor various aspects of the event. Your sponsorship will play a pivotal role in achieving our objectives and in further strengthening the reputation of the Institute of Pharmacy and the Institute of Science within the global pharmaceutical community.

Molecular Sciences and Therapeutic Innovation:

Connecting Microbial Research, Drug Development and Translational Science

We would be deeply grateful for your support in any form, as it will significantly contribute to the success of **PharmSciCon-2027.** Together, we can make a meaningful impact on the future of pharmaceutical research and development.

Thank you for considering our proposal. I look forward to the opportunity to discuss this further with you. Should you have any questions or require additional information, please feel free to contact us at Organising Secretaries, Dr. Vijay Kothari **(vijay.kothari@nirmauni.ac.in)** and Dr. Dhaivat Parikh **(dhaivat.parikh@nirmauni.ac.in)**, or at **os.pharmscicon@nirmauni.ac.in.**

We look forward to your positive response and to the opportunity to work together to make PharmSciCon 2027 a successful and meaningful scientific event.

Sincerely,

Dr. Vijay Kothari
