

1ST ILNU CONFERENCE ON ECONOMIC OFFENCES

BROCHURE

FOREWORD

At the Institute of Law, Nirma University, we are dedicated to advancing legal education through practical learning and professional growth. With a strong legacy of hosting moot and debate competitions, we proudly present the 1st ILNU Mock Trial Competition.

Mock trials offer students an invaluable chance to experience real-world courtroom settings, serving as a key tool for enhancing trial advocacy skills. This event builds on our tradition of educational excellence, providing participants hands-on experience in trial procedures, case analysis, and public speaking.

Through this initiative, we aim to prepare future legal professionals who are not only knowledgeable in legal theory but also adept in applying it within a courtroom setting.

We look forward to welcoming participants from across the country to ILNU's dynamic academic environment and anticipate enriching debates, collaborations, and learning experiences.

ABOUT INSTITUTE OF LAW, NIRMA UNIVERSITY

The Institute of Law, established in 2007 by visionary industrialist Dr. Karsanbhai K. Patel, is located in Ahmedabad, Gujarat. Committed to excellence in legal education, ILNU provides a holistic learning experience by combining rigorous academics with practical exposure. Ranked among India's top law schools, it has earned an A+ grade from the NAAC.

The institute fosters innovation, intellectual curiosity, and professionalism, encouraging students to excel both academically and professionally. Its expansive campus features advanced classrooms, moot court halls, and a vast library with over 1,00,000 legal resources.

With access to top legal databases like Live Law, Westlaw, HeinOnline, LexisNexis, SCC OnLine and Manupatra, students are equipped with comprehensive research tools. Through partnerships with national and international legal institutions, ILNU prepares students to navigate a dynamic legal landscape.

PROPOSAL

The Institute of Law, Nirma University (ILNU) proudly presents the 1st edition of the Conference on Economic Offences, a platform for law students to experience real-world legal developments. A premier platform for legal professionals, scholars, and students to engage in critical discussions on financial crimes and regulatory challenges.

This conference will provide a dynamic platform for law students, legal practitioners, and academics to engage with contemporary legal challenges in corporate fraud, financial crimes, and regulatory enforcement. Inspired by ILNU's prior successes, such as the Antitrust Moot, this event will feature panel discussions, expert lectures, and interactive sessions on topics such as corporate governance, financial regulations, money laundering, and insider trading.

Through insightful discussions and knowledge-sharing sessions, the conference will strengthen ILNU's commitment to experiential learning and equip future legal professionals with a deeper understanding of economic offences, corporate compliance, and financial crime litigation.

CONFERENCE ON ECONOMIC OFFENCES

The Conference on Economic Offences and White-Collar Crimes is a premier platform for legal professionals, scholars, and students to engage in critical discussions on financial crimes and regulatory challenges. Bringing together leading experts and practitioners, the event will explore key aspects of economic offenses, corporate fraud, and enforcement mechanisms through panel discussions and interactive sessions.

By examining case studies, emerging trends, and legislative developments, the conference aims to enhance understanding and equip participants with practical strategies for tackling financial misconduct. With a strong focus on real-world applications, it fosters meaningful dialogue and knowledge-sharing to help attendees navigate the complexities of white-collar crime litigation and compliance in today's evolving legal landscape.

IMPACT OF THE CONFERENCE

The Conference on Economic Offences and White-Collar Crimes will provide a vital platform for legal professionals, scholars, and students to explore the evolving landscape of financial misconduct and corporate fraud. Featuring leading advocates and law firm partners, the panel discussions will offer practical insights into legal, regulatory, and enforcement challenges in economic offenses.

By bridging theory with real-world application, the discussion will present case studies, emerging trends, and strategic legal interventions in white-collar crime litigation. Attendees will gain first-hand insights into high-stakes financial fraud, compliance issues, and enforcement mechanisms, equipping them with the knowledge to develop innovative legal solutions and best practices.
