ABOUT CAMPUS RECRUITMENT CELL

The Campus Recruitment Cell (CRC) plays a vital role in supporting the transition of students from academic learning to professional practice. The Cell works proactively to create meaningful opportunities for students by engaging with law firms, corporate organisations, and other professional institutions. It facilitates the recruitment process by organising various pre-placement initiatives, including resume review sessions, interview preparation workshops, and interaction sessions with industry professionals. Additionally, the CRC coordinates internship and placement opportunities through both on-campus and virtual recruitment processes. Through continuous engagement with employers and alumni, the Cell strives to provide students with exposure to diverse professional avenues while ensuring they are well-prepared to enter the legal and corporate professions.

PLANNED INTERNSHIP PATHWAY

The Planned Internship Pathway at ILNU focuses on giving students early and consistent exposure to the practical side of law. It allows students to apply what they learn in classrooms to real situations across different legal and professional settings. By engaging with courts, law firms, organizations and institutions, students are able to understand the nature of legal work and make informed decisions about their future career paths. This structured approach also helps students develop practical skills and professional readiness required for the legal industry.

CAMPUS RECRUITMENT CELL INITIATIVES

Professional and Academic Competency Test (PACT)

Professional and Academic Competency Test (PACT) is an interview-based assessment designed to evaluate students' understanding of core law subjects. Industry experts assess final-year students on Constitutional Law, Criminal Law, Contract Law, Corporate Law, and Intellectual Property Rights. Based on the interaction, students receive a scorecard along with feedback on their overall performance.

Internship – Placement Training Programme

The Campus Recruitment Cell organises an Internship and Placement Training Programme to prepare students for recruitment processes and professional environments. In collaboration with industry experts and legal professionals, the sessions focus on CV drafting, internship expectations, interview strategies, and professional conduct, helping students approach internship and placement opportunities with confidence.

Mock Interview

The Campus Recruitment Cell conducts a structured Mock Interview Process for fourth-year students to prepare them for internship and placement opportunities. Through simulated interview rounds and feedback from professionals, students gain insights into interview expectations, improve their communication skills, and build confidence for the recruitment process.

Workshops and Expert Sessions

The Campus Recruitment Cell regularly organises workshops and interactive sessions with industry experts to help students understand the practical aspects of the legal profession. In collaboration with law firms and practitioners, the CRC conducts certificate courses and specialised sessions that provide insights into real-world legal practice and guide students in building successful legal careers.

Alumni Meet

The Campus Recruitment Cell organises Alumni Meet in various cities each year to strengthen engagement with the Institute's alumni network. These events enable alumni to reconnect with the Institute, and share insights on career paths and industry expectations, while also fostering professional relationships and mentorship opportunities.

Annual Corporate Engagement Drive

The Campus Recruitment Cell conducts an Annual Corporate Engagement Drive across national and international locations to strengthen the institution's industry outreach and partnerships. During these visits, the team engages with leaders from law firms, corporate organizations, and the practicing advocates to explore and enhance collaborations in academics, internships, and placements.
