Course

Credits: 3 ECTS

Cities and Nature Based Solutions *(New Course)*

This course introduces the concept of Nature-Based Solutions and explore the importance of Nature-Based Solutions in terms of problems faced in the urban fabric.

The main course objective is to develop a strong foundation for PhD students by introducing NBS to promote inclusive and sustainable development.

The main objectives of this course are:

- Understand the fundamental concepts and principles of Nature-Based Solutions by learning the fundamentals.
- Recognize NBS's significance in urban development and climate change.
- Apply the learnings to urban design concepts.

Co-funded by the
Erasmus+ Programme
