

**Nirma University
School of Technology
Computer Science and Engineering Department**

M.Tech Admission – 2026

About the Department

The Department of Computer Science and Engineering, established in 1997, has grown into one of the most distinguished and sought-after departments of the Institute. Renowned for its expertise across all major domains of Computer Science, the department offers students a dynamic and enriching academic environment. With highly qualified and dedicated faculty, a vibrant peer community, and opportunities for both core and interdisciplinary research, it fosters innovation and excellence. Strong collaborations with leading industries and research organizations further enhance the learning experience, preparing students for impactful careers.

About the M.Tech. Program

M.TECH IN COMPUTER SCIENCE and ENGINEERING

M. Tech CSE Program has been designed to prepare individuals for industry, research & academic organizations in the field of computer science.

Major Courses

- Data Structures and Algorithms
- Machine Learning
- System Design
- Embedded Systems
- Advanced Computer Networks

M.TECH IN COMPUTER SCIENCE and ENGINEERING (DATA SCIENCE)

The objective of this Program is to prepare graduates capable of handling data and using it for AI applications and meaningful inferences.

Major Courses

- Machine Learning
- Deep Learning
- Big Data Systems
- Data-Science System Design
- Statistics for Data Science

M.TECH IN COMPUTER SCIENCE and ENGINEERING (CYBER SECURITY)

This Program aims at preparing individuals for the field of network, information, and application security. They will be able to address core security-related issues in the systems and applications.

Major Courses

- Network Protocols and Security
- Cryptography Essentials
- System Administration
- Blockchain Technology
- Ethical Hacking and Penetration Testing

Important Dates

- ✓ Online application process begins: 9th March 2026.
- ✓ Online application process ends: 15th June 2026

Salient Features

- Stipend paid to students
- One-year internship opportunity with an attractive stipend offered by industries.
- Good Internship to Job conversion rate with excellent placement opportunities.
- Center of Excellence in Data Science in collaboration with the State University of New York, Binghamton, USA.
- Cyber Security Laboratory
- Active MoUs with industries and foreign universities.
- Expert lectures by national & internationally renowned experts, professionals, and academicians.
- Good exposure to research and consultancy work carried out by faculty members.

Internship & Placement

M.Tech Programs offer one year internship with attractive stipend in prominent companies like:

Who can join?

- ✓ B.E./B.Tech in Computer Engineering/ Technology
- ✓ Computer Science & Engineering or Information Technology Engineering
- ✓ Information and Communication Technology or equivalent qualification
