PRODUCT & INTERACTION DESIGN**

Interested in a Design Career?

Design is a fundamental human activity but a comparatively new profession. Today, Design is critical to the development of the economic and social life of human societies. Design activity is concerned with innovation, functionality and value for all stakeholders involved in the offering of products and services. It is a human-centered profession, increasingly amalgamating technology. We at the Institute of Design, Nirma University, welcome interested and committed young candidates who wish to build a professional career in Design.

About us

Nirma University is among India's leading universities located in Ahmedabad (Gujarat). The Institute of Design at Nirma University, was established in 2017. We offer a 4-year, Bachelor of Design programme in two disciplines.

- **B.Design in Product and Interaction Design**
- **B.Design in Communication Design**

We provide design aspirants, opportunities to learn through several pedagogies—Contextual inquiry, User research, Project work and Prototyping concepts and strategies.

The learning is reinforced through apprenticeships and internships during summer vacation each year. Students do 4 internships in their 4 year academic career. This gives them an exposure to the design needs of companies and organisations.

The 4-year Programme begins with a common Foundation year, followed by 3 years in the chosen specialization. The 8th semester comprises of the Degree/Major Research Project in the industry or a self-initiated Research project.
