### Digital Media Economics

**Author:** Brett Caraway

**Publisher:** Sage, 2023

**ISBN:** 9781529796490

Written for a wide audience, from undergraduate and graduate students to citizens and activists, this book will teach you about how economics has influenced the digital technologies that we use every day. Most media textbooks won't tell you much about economic terms, concepts or principles; this book will explain to you the economic theory and history underpinning everything from advertising to computers, social networking sites and streaming services. With examples ranging from Elon Musk's takeover of Twitter to Amazon and the world of online shopping, Caraway offers a personal perspective about today's media technologies that will enrich your understanding of their technical, cultural, and social significance.....

### [The Use of Force and the International Legal System](#)

**Author:** Terry D. Gill, Kinga Tibori-Szabó,

**Publisher:** Cambridge University Press, 2023

**ISBN:** 9781009407342

This book provides in-depth coverage and analysis of the international law, rules and principles that govern the use of force. Through a unique intra-disciplinary perspective, it examines how the law on the use of force functions within the international legal system and how it interacts with other relevant areas of the law. This includes arms control law, the law governing the use of the international commons, the law of armed conflict and human rights law, and the law of international responsibility. It offers an accessible guide to the law on the use of force to students and practitioners, alongside providing a unique perspective on the place and function of the law on the use of force within the wider legal landscape which will appeal to both academic professionals and others interested in how law regulates the use of force.....

### [Police Interrogation, Language, and the Law](#)

**Author:** Marianne Mason

**Publisher:** Cambridge University Press, 2023

**ISBN:** 9781009052047

Recent calls for justice reform have put a spotlight on how the police enforce the law in the United States. How a person's constitutional rights may be legally thwarted during police interrogation, however, has not been part of any meaningful discussion on police reform. This novel book examines the intersections of the law and policing discourse through the detailed analysis of a large corpus of United States federal court rulings, starting with *Miranda v. Arizona* (1966). It covers a wide range of topics, including the history of police interrogation in the United States, the role of federal law in handicapping a person's ability to invoke their right to counsel, and the invocation game of police interrogation that may lead a variety of suspects to change their discursive preferences. It highlights the need for American police interrogation reform, exploring the paths taken by other jurisdictions outside of the United States. This title is part of the Flip it Open programme and may also be available on open access. Check our website, Cambridge Core, for details. ....

### [Crime and Psychology: Foundations of Forensic Practice](#)

**Author:** Jonathan Venn

**Publisher:** Routledge, 2023

**ISBN:** 9781032471914

Clear and accessible in style, this book offers a comprehensive introduction to criminal justice and forensic mental health and the ways in which they intersect.

Assuming no prior exposure to the field of criminal forensic psychology, the book reviews ten areas where mental health professionals contribute regularly to the due process of law: comprehension of rights, competency to stand trial, transfer of juveniles to adult court, risk assessment, mitigation, sentencing, sexually violent predators, insanity, and capital punishment of persons with mental illness and with intellectual disability. The book also explores the major categories of mental disorders, how they contribute to criminal behavior, and what problems they present in courts and corrections. Landmark cases from the United States and United Kingdom . ....

|    | <p><b><u>Intellectual Property Rights, Copynorm and the Fashion Industry</u></b></p> <p><b>Author:</b> Marlena Jankowska</p> <p><b>Publisher:</b> Routledge, 2023</p> <p><b>ISBN:</b> 9781032452265</p> <p>This book traces the development of the fashion industry, providing insight into the business and, in particular, its interrelations with copyright law. The book explores how the greatest haute couture fashion designers also had a sense for business and that their attention to copyright was one of the weapons in protecting their market position. The work also confronts the peculiarities of the fashion industry as a means of demonstrating the importance of intellectual property protection while pointing out the many challenges involved. A central aim is to provide a copyrightability test for fashion goods based on detailed analysis of the legal regulations in the USA and EU countries, specifically Italy, France, the Netherlands, Germany and Poland. The book will be of interest to researchers and academics working in the areas of Intellectual Property Law, Copyright Law, Business Law, Fashion Law and Design. ....</p> <p><a href="#">More Details...</a></p> |
|   | <p><b><u>Inclusive Education for the 21st Century Theory, Policy and Practice</u></b></p> <p><b>Author:</b> Linda J. Graham</p> <p><b>Publisher:</b> Routledge, 2023</p> <p><b>ISBN:</b> 9781032396859</p> <p>Thoroughly revised throughout, this bestselling book returns in a new edition to take an even more comprehensive look at the question: How can teachers and schools create genuinely inclusive classrooms that meet the needs of every student? Inclusive Education for the 21st Century provides a rigorous overview of the foundational principles of inclusive education and the barriers to access and participation. It explores evidence-based strategies to support diverse learners, including specific changes in curriculum, pedagogy and assessment practices, and the use of data. It addresses the needs of children with physical, sensory and intellectual disabilities, as well as those with complex learning profiles, including mental health issues. This second edition is rich with new content, including eleven new chapters , ...<a href="#">More Details...</a></p>  |
|  | <p><b><u>A Communitarian Theory of WTO Law</u></b></p> <p><b>Author:</b> Chios Carmody,</p> <p><b>Publisher:</b> Cambridge University Press, 2023</p> <p><b>ISBN:</b> 9780511843280</p> <p>Since 1995 there has been intense debate about whether the WTO Agreement is just. Many observers point to the association of the treaty with intensive interdependence and the disruptive effects of globalization to assert that it is unjust. Nevertheless, justice in sovereign terms is different from justice in human terms. This book puts forward a theory of WTO law to explain the difference and its implications for the international trading system. It details how economic interdependence gives rise to an interdependent view of the relationship between different forms of justice and to interdependent obligations in WTO law. It also suggests how the WTO dispute settlement system might have a residual value as a locus for transformative outcomes despite contemporary concerns about the system's political acceptability. Taken together, such insights may assist in identifying elements of a general theory of law. ....</p> <p><a href="#">More Details...</a></p>                   |

## **The Art of Being Alone: Loneliness Was My Cage, Solitude Is My Home**

**Author:** Renuka Gavrani

**Publisher:** Amaryllis, 2023

**ISBN:** 9789355434029

Taylor Swift said once, "The scary news is, you are on your own now. But the cool news is, you are on your own now" The fear of loneliness has been injected into our minds since we were kids. We have learned that the kid who eats, & sits alone, and has no friends is pathetic. In every book/movie, the kid with no friends is always featured as a weak character who needs to be saved. No one wants to be seen as a 'weirdo' hence, our dread of being alone. We don't want people to think of us as unwanted or not fitting in with the cool kids. We don't want people to think that no one chose us. So what do we do? We start becoming like an ideal version of whom everyone loves. And in the race to achieve people's acceptance and love, you lose yourself. But enough is enough. The book is divided into two sections. The first section is about transforming loneliness into solitude. And the second section is about using your solitude to turn it into your growth period. If you are ready to transform your perception around loneliness and achieve your goals using your 'alone time' then welcome to 'The Art of Being Alone.' .... [More Details...](#)
