Understanding Victimology
An Active-Learning Approach

Author: by Shelly Clevenger, et al.

Publisher: Routledge, 2024

ISBN: 978103225314

Understanding Victimology: An Active Learning Approach is the only textbook with extensive discussion of both online and offline victimization reinforced by group and individual learning activities. Our textbook offers instructors a variety of active learning exercises – in the book itself and in the authors’ ancillaries – that engage students in the material and shed light on the experiences of marginalized social groups. Through these activities, students become engaged with the material at a higher level of learning. They learn how victimization happens and the challenges people who experience crime face in acquiring assistance from the criminal-legal system at a more intimate level instead of simply reading about it. Students also build their abilities to work with others in a collaborative learning environment, encouraging professional socialization for the future.

The Law and Practice of Complex Construction Projects

Author: Fabio Solimene

Publisher: Routledge, 2024

ISBN: 9781032481609

Presenting readers with all the need-to-know information on complex construction projects within a single publication, this book expertly focuses on practical issues whilst also providing insights on the law applying to construction projects. As well as exploring individual subjects such as the negotiation of a contract, the evaluation of a claim or assistance in relation to contractual disputes, the book also creates an overarching understanding of the entire life of a project. It presents an inside view on the various stages of complex projects, from the moment they are conceived to the end of the contractual relation between employer and contractor, including any disputes between the parties. The reader will become familiar with the terminology used in the construction industry, the various phases of complex construction projects, the law applying to each phase and the various deliverables produced by the parties throughout the project. While including sections on the law applying to each phase, the book’s primary focus is on the practical aspects faced on a daily basis by practitioners working in the construction industry..... Jurisprudence and Socio-Legal Studies

Intersecting Fields

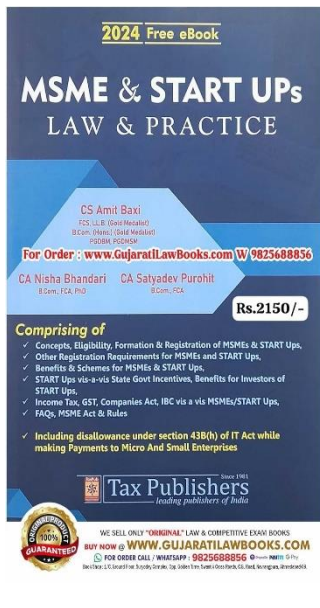

Author: Roger Cotterrell

Publisher: Routledge, 2024

ISBN: 9781032374635

This book presents a set of related studies aimed at showing key points of intersection and common interest between jurisprudence and socio-legal studies, which are otherwise typically considered distinct fields. It reflects and draws on the author's work in these areas over more than four decades. The first half of the book explores theoretical issues surrounding the enterprise of socio-legal research, its current scope, and its historical traditions. Some chapters directly compare juristic theory and socio-legal inquiry. Chapters in Part II profile a selection of European jurists whose work offers important insights for socio-legal inquiry. Other chapters frame these studies, explore the history of interactions between jurisprudence and socio-legal research, and show points of convergence between these fields that are increasingly important today. A main aim of the book is to show the

[Law and Personality Disorder: Human Rights, Human Risks, and Rehabilitation](#)

Author: Ailbhe O'Loughlin
Publisher: Oxford University Press, 2024
ISBN: 9780198839279

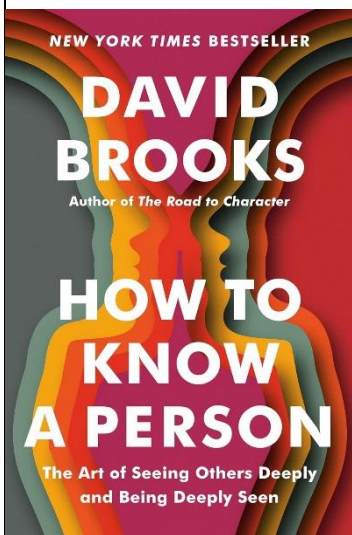

This book examines how legal and policy actors negotiate the demands of controlling crime and respecting individual rights against a background of uncertain scientific knowledge. Bringing together insights from criminology, psychiatry, psychology, and law, it unpicks competing images of 'dangerous' offenders and the dilemmas they present. It does so by tracing the creation of a new group—'dangerous people with severe personality disorders'—by policymakers in England and Wales in 1999—and by situating contemporary debates about 'dangerous' offenders within a historical context. Through a critique of sentencing law, mental health law, and human rights law, this book further examines an alluring narrative: that the state has a duty to protect the public from 'dangerous' individuals, but that it can protect the human rights of the 'dangerous' by providing them with rehabilitation opportunities. While human rights law is often invoked as a means of curbing the excesses of preventive justice, this book demonstrates that the European Court of Human Rights tends to legitimize coercive measures. Furthermore, the criminal law legitimizes the punishment of offenders with mental disorders by resisting psychiatric evidence that they are not fully responsible for... [More Details...](#)

[Learning to Disagree: The Surprising Path to Navigating Differences with Empathy and Respect](#)

Author: John Inazu
Publisher: Zondervan, 2024

[Love Your Law Firm: A Roadmap to the Law Firm You Always Wanted](#)

Author: Jordan Ostroff JD

Publisher: Independently published, 2024

ISBN: 9798874113483

Smart, witty, and insightful are just a few words that describe my friend Jordan Ostroff's new book, "Love Your Law Firm." This book is chock-full of great ideas and even "Pro Tips" to help lawyers live their best lives. The best part is that you really get to know Jordan as a person while learning from his writing. Well done my friend!" ~Steve Fretzin, Four-Time Author, Podcast Host of BE THAT LAWYER and Legal Business Development Coach for Lawyers. It took me a long time to learn to love my life as a lawyer. When I saw Jordan was writing a book called "Love Your Law Firm", I wondered how it would compare to my Love Your Law Practice (trademark pending) program and teachings. I'm thrilled to report complete alignment, and will include Jordan's book in our recommended readings for our students, and I wholeheartedly recommend you not just add it to your reading list, but actually read it." ~ Ali Katz, Founder/CEO of New Law Business Model & Personal Family Lawyer [More Details...](#)

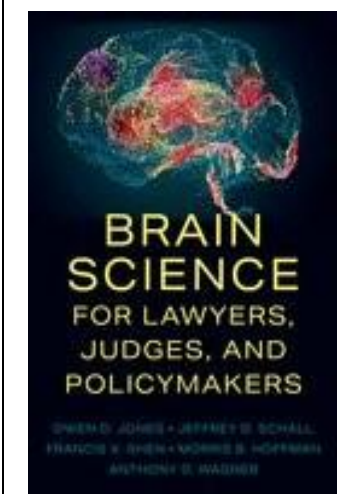

[Law Moms: Juggling Motherhood, Ambition and Personal Fulfillment](#)

Author: Susan Arenella and et al.

Publisher: Sulit Press, 2024

ISBN: 9798988033288

"Law Moms is more than just a collection of narratives; it is a testament to the resilience, fortitude, and unwavering spirit of mothers in the legal profession. It is a beacon of hope for those grappling with similar struggles, offering reassurance, encouragement, and a reminder that together, we cannot only get through hard times but thrive." —Katherine A.E. Roe, Esq. "Eight women lawyers share their struggles, joys, shame and triumphs in this honest and uplifting book. To say the book examines "work-life balance" trivializes the depths of pressures (external and internal) inherent in the legal practice. I was stunned and buoyed by these women's searing vulnerability and strength. Any working parent can relate, but those of us managing a law practice will find sisterhood." —Judy Kostura . [Brain Science for Lawyers, Judges, and Policymakers](#)

Author: Owen D. Jones and et al.

Publisher: Oxford University Press, 2024

ISBN: 9780197748855

Because lawyers increasingly bring brain science into courtrooms and policy discussions, this book provides a user-friendly introduction. It begins with a survey of the kinds of litigation, legislation, and regulation where neuroscience is currently being used. It continues with accessible descriptions of basic brain anatomy and brain function. It then provides an overview of how modern technologies can reveal the brain structures and brain functions of individuals. It finishes with cautions and limitations, and with a speculative peek into where the future of neurolaw might lead. Throughout, the authors offer guidance on understanding both the promise and the limitations of using brain science in law and policymaking.
