

NIRMA UNIVERSITY

Institute:	Institute of International Study
Name of Programme:	Bachelor of Science (Computer Science and Engineering) [2+2 Dual Degree]
Faculty	Faculty of Technology & Engineering
Course Code:	2CS901
Course Title:	Internship
Course Type:	
Year of Introduction:	2023-24

L	T	Practical Component				C
		LPW	PW	W	S	
-	-	-	-	-	-	1

Course Learning Outcomes (CLO):

At the end of the course, students will be able to –

1. relate to the work culture at the engineering workplace
2. develop competencies necessary for professional career
3. value interpersonal and human relationship skills
4. build the foundation for industrial internship / major project

Syllabus:

-

The summer internship is aimed at providing an opportunity for the students to gain practical experience in the industries / academic and research institutes for a period of 2-3 weeks during the summer break between Semester III and Semester IV. During the summer internship, the student will have exposure to an industrial / research environment, which will help them to develop the competencies required for a professional career and inter-personal and human relationship skills.
