Syllabus

The summer internship is aimed at providing opportunity to the students to gain practical experience in the industries / research institutes for a period of 4 to 6 weeks during summer break between Semester –II and semester-III. During the summer internship the student will have the exposure to industrial / research environment which will help them to develop the competencies required for professional career, interpersonal and human relationship skills. However, if student wants to take value added course, institute will offer various value added courses during this duration.
