

Nirma University

Nirma University was established by the initiative of the NIRMA EDUCATION AND RESEARCH FOUNDATION (NERF). The University was established in the year 2003 as a statutory university under a special act passed by the Gujarat State Legislative Assembly. It is recognized by the University Grants Commission (UGC) under Section 2(f) of the UGC Act. The University is duly accredited by National Assessment and Accreditation Council (NAAC) with “A+” Grade. The University is a member of Association of Indian Universities (AIU) and the Association of Commonwealth Universities (ACU).

Functioning under the aegis of NERF, the University consists of Institute of Technology, Institute of Management, Institute of Pharmacy, Institute of Law, Institute of Science, Institute of Architecture and Planning, Institute of Commerce and Institute of Design. The University is identified with cutting edge research, robust academic programmes, quality teaching learning process and over-all personality development interventions of its students. The 110 acres sprawling state of art campus provides refreshing environment and stimulates intellectual growth and creativity.

About Institute of Technology

Institute of Technology is a leading institute offering multidisciplinary undergraduate, postgraduate, MCA and PhD programmes in engineering. Institute is located in peaceful and sylvan surroundings, about 15 km from Ahmedabad Railway Station on Sarkhej Gandhinagar highway. The academic ambience provides full scope for development. The presence of the institute can also be felt by its alumni spread across National and Multinational organizations as well as leading Universities throughout the world. The institute provides an inspiring environment to all students to expand their intellectual dimension and recognize their hidden talents, not only in the technical field, but also in life skills.

Special Achievements

- National Award for Engineering College having Best Overall Performance for the year 2002 by Indian Society for Technical Education (ISTE).
- National Awards for the Best Teacher in Gujarat State, Best Chapter Award, Best Student Chapter Award several times by ISTE.
- Students won National ROBOCON competition in 2002, 2003, 2006, 2008, 2011, 2014, 2015, 2021, 2022 and represented India in International meets.
- The Team Stallions of Nirma University participated in 8th Electrical Solar Vehicle Challenge 2021 and won 8 awards and a cash prize of Rs. 1,30,000/-.
- Institute has been ranked in top 20 Engineering Colleges across the country as per the survey published by various leading magazines.

About Centre For Continuing Education

Nirma University has established a Centre For Continuing Education with the following objectives:

- To provide need based continuing education, knowledge, training etc. in various fields to all stakeholders.
- To assist working professionals in the industry in widening their knowledge base and in improving their skills.
- To identify employment potential areas and to conduct competency based skilled development programme.
- To conduct short duration and long duration programmes in Management, Engineering and Technology, Pharmacy, Science, Law, and Architecture.
- To conduct training programme for competitive examinations.
- To coordinate the continuing education programme offered by various Institutes at the University level.

Workshop on “Applications of AI in Electrical Engineering (MATLAB platform)”

29th -30th July 2023 (Two Days)

Programme Coordinator

Dr. Soumesh Chatterjee

(Assistant Professor, Electrical Engineering)

Conducted By

*Department of Electrical Engineering,
Institute of Technology,
Nirma University*

Organized By

*Centre for Continuing Education
Nirma University*

Address for Correspondence:

*Coordinator – Centre for Continuing Education
A Block, Nirma University
Sarkhej-Gandhinagar Highway
Near Chharodi,
Ahmedabad 382 481, Gujarat
Phone: 02717 241911-15, 07971652106
Fax: 02717 241917*

Objective of the Programme

The workshop aims to explore how artificial intelligence (AI) can be effectively utilized to enhance various aspects of electrical engineering, including power systems, automation, and energy management. The workshop aims to equip participants with the necessary knowledge and skills to leverage AI techniques effectively in the design, operation, and optimization of electrical systems, contributing to improved efficiency, reliability, and sustainability in the field of electrical engineering.

Outline of Contents

- *The fundamentals of artificial intelligence and its relevance to electrical engineering*
- *Hands-on training and practical exercises to develop AI-based solutions for electrical engineering problems*
- *Scope of interdisciplinary collaboration and knowledge exchange among researchers, professionals, and students in the field of electrical engineering and AI*
- *Identifying future trends and opportunities for further research and development in AI applications within electrical engineering.*
