Course Code	7EC181
Course Title	Summer Internship/Value Added Course

The summer internship is aimed at providing the opportunity to the students to gain practical experience in the industries/research institutes for a period of 4 to 6 weeks during the summer break between Semester – II and semester-III. During the summer internship, the student will have the exposure to industrial / research environment which will help them to develop the competencies required for a professional career, interpersonal and human relationship skills. However, if a student wants to take the value-added course, the institute will offer various value-added courses during this duration.
